

# FROM THE DIRECTOR'S DESK

DEAR PARENTS,

**Welcome to the  
World of Success**

“ I welcome you to a Fabulous and fruitful New academic Year. Over the years, Greenwood has become a synonym for the proverbial saying “*Sramayeva Jayate*”. True to the saying, the hard work of Greenwood bore its fruits right from its inception in the year 2003.

*The presence of scores of Greenwood students in the Premier Institutions like IIT, NIT, IIM, IIIT, IEST, BITS Pilani, AIIMS, JIPMER, AFMC and in the most Reputed Organization like ISRO, BARC, DRDO etc. is the thunderous proof of it. All this clearly echoes the strength of our Foundation program and the very high quality of our Foundation teaching in Greenwood.*

The proactive thinking of Greenwood has paved the right way for the success of the students all through. Long before anyone else did, Greenwood has envisaged the need for the good Handwriting, Continuous and Comprehensive Evaluation of Education, 'Audio-Visual Education, Meaningful & Innovative use of the Work-sheets' etc.

The successful and effective implementation of these has indeed yielded rich dividends. Thus Greenwood has set an example and a benchmark for the all other institutions to follow.

Dr. Girrem Bharadwaja Naidu

It gives me immense pleasure to convey message to students of my alma mater. My foundational years at Greenwood High School taught many things. I'm extremely grateful for that Few points based on my experience which I think would help you going forward. First, refer standard sources. Second is to revise them multiple times. Third is to practice and rectify those mistakes. Also, please don't refer too many sources on one subject.

There are few qualities that are non-negotiable at this age. These are to have intense desire to succeed, clear vision, confidence, perseverance and discipline.

Once again, I would take the opportunity to thank entire Management at Greenwood for making me who I am today.
